IF U S WEST COMMUNICATIONS IS YOUR LOCAL PHONE COMPANY

We can provide you with local telephone service, long distance service within your calling area, and other telephone services. You'll find more information about the kinds of services available to you in this Customer Guide. You may find it helpful to read this information before placing your order for new phone service. Since the following information may have changed since this directory was compiled, please call the number at the top of this page for current information.

WHEN YOU'RE READY TO START YOUR PHONE SERVICE

Call the U S WEST Communications service number at the top of this page. A service representative will describe the services available to you, explain what each costs, and take your order. We need to know:

- How you want to be listed in the White Pages directory (see page A12).
- Your complete street address (including apartment or suite number).
- The types of services you want.
- Information about your previous telephone service, including phone number, city and state.
- Employment and credit information (for home telephone service).
- Business ownership information (for business service).

You Need To Provide Your Own Telephone Set

If you don't have a telephone set, you can buy or rent one from a store or company that carries them. Party line customers may need specially modified telephones for their service to work properly. You are not required to obtain your telephone or other terminal equipment from the telephone company in order to receive service. Rates and services are provided on an equal basis no matter where you obtained your equipment. Call the number at the top of this page for more information.

You Need To Select A Long Distance Company

U S WEST Communications provides long distance service within your calling area. You must select a long distance company to make long distance calls to other calling areas.

If You Have Phone Service And Need To Make A Change:

Call the number at the top of this page. A U S WEST Communications service representative will handle your request and explain what each change will cost.

What It Costs To Begin Or Change Service

The one-time charge to install or change your telephone service depends on the amount of work required. Generally, you're charged for the work we do to process your order and to connect or make changes in your service.

Service order charges: Home—new service $19; service changes $13; central office connection charges $16. Business—new service $25; service changes $22; central office connection charges $25.

If you have our technicians install jacks or wiring inside your home or business, you'll be charged for the time the technician is there and for the materials used.

We require advance notice to install new service. In many areas Express Service is available for an additional charge to customers who need same-day or next-day installation. For more information, call the number at the top of the previous page. (Residential customers only.)

There Is No Charge To Disconnect Your Phone Service

Call the number at the top of the previous page to stop your service. You pay only for the time your phone is connected.

DEPOSITS

Advance Payments And Deposits

If you are a new customer with U S WEST Communications or have recently moved and need to re-establish service, we may ask for an advance payment or deposit.

Deposits are based on local service and long distance charges. Business customers should call the service number on the top of the previous page for information on deposit requirements.

We may require a new or additional deposit if we stop your service because your payment is late. There's also a charge to begin service again.

We may waive the deposit requirement for your home telephone service if someone with established credit with U S WEST Communications is willing to guarantee payment of your bills.

We Will Refund Your Deposit:

With interest after 12 months if your phone bills are paid on time. If you discontinue service during this time, the deposit and interest will be applied to your final bill.

Deposits For Other Companies

U S WEST Communications handles billing and collections for some long distance companies. We may require a deposit for these companies. The amount will be based on your estimated long distance charges for two months.

IF YOU NEED NEW TELEPHONE WIRING OR JACKS

You have three options:

1. You can have U S WEST Communications do the work. You will be charged for time and materials. Call the service number at the top of the previous page for information.
2. You can have an independent contractor do the work.
3. You can do the work yourself.

All inside wiring must meet certain technical standards. They are outlined in a free booklet, available by calling the number at the top of the previous page.

WHY WON'T MY PHONE WORK?

That depends on whether the problem is in your telephone set, in the wiring inside your home or office, or in the outside lines and switching equipment that U S WEST Communications uses to provide you with service. Simple tests can help you determine whether to call U S WEST Communications or another company for assistance. These tests may save you time and money. If you have a party line, call the repair service number at the top of this page for further instructions.

HOW TO TROUBLESHOOT

These tests can help you determine why your phone isn't working:

1. Check to see if all of your telephones are hung up.
2. If you have only one phone and it unplugs, take it to a friend's home or office and plug it in. If it doesn't work there, you probably have a phone equipment problem.
3. If you have two or more phones that unplug, unplug all of them. Then try each one—one at a time—in each phone jack or outlet. If one phone doesn't work anywhere, you probably have a phone equipment problem. If none of the phones work in a particular jack, you may have a jack problem.
4. Borrow a friend's phone and try it in each of your jacks. If it doesn't work in a particular jack, you probably have a jack problem. If it doesn't work in any jack, you may have a U S WEST Communications line problem.
5. If your phone doesn't unplug, contact the company that sold or leased it to you for directions on how to remove it.
6. If you have phone accessories—such as answering machines, speaker phones, cordless phones, a security system, or night bells—make sure that equipment is working. If your telephone service works without the added equipment, the problem may be with the accessories.

If You Hear Noise On Your Line:

It may be caused by the weather, aerial satellites, poor grounding or other conditions that are only temporary. If the noise persists, the troubleshooting tips listed above may help isolate the problem.

The interference may also be caused by radio frequency signals from amateur, citizens band (CB) and AM/FM broadcast stations. The installation of a modular filter, obtainable from most stores selling telephone equipment, may help.

Because cordless telephones operate on radio frequencies, they can also receive interference from nearby radio transmitters. Contact your cordless telephone equipment supplier or manufacturer for assistance with these problems.

If You Hear A Rapid Busy Signal:

While making a local or long distance call, it means that all telephone circuits are busy. Wait a few minutes, then try your call again.

OUR REPAIR SERVICE CENTER CAN HELP ISOLATE THE PROBLEM

We can test your line. But in some cases, we won't know what's wrong without sending a repair technician to your home or office. There may be a charge for this repair visit. Troubleshooting—described on the previous page—may help you isolate the problem yourself and save you time and money.

If The Problem Is In Your Telephone Set:

Follow the instructions on your warranty or contact your equipment retailer. U S WEST Communications cannot repair your telephone equipment.

If The Problem Is In Your Jack Or The Wire That Runs Through Your Home Or Office:

You have three options:

1. You can call U S WEST Communications. If you subscribe to one of our optional wire maintenance plans, we will repair your jack or inside wiring at no charge. If you don't subscribe, we will still be happy to repair the problem. But we will have to charge you for labor and materials.
2. You are welcome to hire any independent contractor or home repair expert to repair your jack or inside wiring.
3. You can repair the problem yourself.

If The Problem Is In U S WEST Communications' Outside Lines Or Switching Equipment:

Call the repair service number at the top of the previous page.

U S WEST Communications Can Repair:

The outside lines and switching equipment we use to provide you with service, at no charge to you (unless damage is due to negligence on your part).

We can also repair the wiring that runs inside your home or office. There is a charge for this service, unless you subscribe to one of our wire maintenance plans.

U S WEST Communications Cannot Repair:

Telephone equipment, other than our public (pay) phones.

- Teach your children to give no information to strange callers. If you're not at home, they should tell callers you are busy and can't come to the phone.
- If calls persist, call the number at the top of this page, or contact your local law enforcement agency. Immediately call your local law enforcement agency if you receive calls threatening injury to a person or damage to property.

It's against the law to make obscene, threatening or anonymous phone calls. Telephone harassment is a crime. Penalties include imprisonment and/or a fine.

KNOW YOUR RIGHTS Consumer Tips

Continued from previous page

IF YOU RECEIVE UNWANTED SALES AND SURVEY CALLS:

- Hang up, if you aren't interested in talking with the caller.
- Report companies using questionable sales practices to the Better Business Bureau or your state attorney general's office.
- Disconnect computer-generated calls by hanging up your telephone for 12 to 15 seconds.
- Contact the Direct Marketing Association to have your name removed from telephone solicitation lists. Write to Direct Marketing Association, Inc., 6 East 43rd Street, New York, NY 10017.
- Write to Name Removal Service, P.O. Box 1040, Minneapolis, MN 55440 to have your name removed—at no charge—from lists that our company leases to other firms. Customers with unlisted or unpublished numbers are never included on the lists we lease.
- Do not give your telephone credit card number to anyone who calls and asks for it.

TELEPHONE SAFETY TIPS

Your telephone is one of the safest appliances in your home or office. But there are times when you should be careful using it:

- Don't use the telephone in the bathtub, shower or swimming pool. Dropping the phone into water could cause a shock.
- Avoid using the telephone during electrical storms. U S WEST Communications uses protective measures to limit electrical surges from entering your home or office, but absolute protection from lightning is impossible.
- If you suspect a gas leak, use a telephone away from the suspected area to report it. The telephone's electrical components could create a tiny spark when you dial. Although unlikely, that spark could ignite heavy concentrations of gas.

EMERGENCY CALLS HAVE PRIORITY ON PARTY LINES

State law says you MUST immediately yield the use of a party line to anyone saying the line is needed for an emergency call. An emergency is any situation in which property or human safety is in jeopardy and emergency service personnel must be summoned.

It's against the law to gain control of a party line by falsely stating that an emergency call needs to be made. Penalties for violating party line laws include fines and/or imprisonment.

You Can't Use An Answering Machine On A Party Line

That's because answering devices cannot give up a line in an emergency. They also disrupt service for everyone on the party line.

DIRECTORY ERRORS AND OMISSIONS:

U S WEST Communications' liability due to errors in or omissions of directory listings shall be limited to and satisfied by an amount not exceeding one-half of the local exchange service charges (lines or trunks if PBX-CENTREX) for the service affected for the period from the date of issuance of the directory in which the mistake occurred to the date of issuance of a new directory containing the proper listings.

This tariff is on file with the Iowa Utilities Board and is also available for review at your telephone company.

U S WEST Communications has attempted to publish information that is current and accurate. However, the company cannot guarantee errors will not occur. The company is not responsible for the accuracy of material supplied by its subscribers. In no event does U S WEST Communications assume any responsibility to notify directory users of any error or omission.

OUR EMPLOYEES CARRY ID CARDS

They include the U S WEST Communications employee's name and photograph. Feel free to ask for identification.

A LIST OF LONG DISTANCE COMPANIES IN YOUR AREA:

Can be found in the Yellow Pages. Each company can provide you with information about its rates, calling areas, and dialing instructions.

CALLING LONG DISTANCE WITHIN IOWA

Omaha is divided into five long distance calling areas. (See map on this page.) U S WEST Communications provides local and long distance calling service within the boundaries of these areas, but not between them.* Make long distance calls within your calling area by dialing 1 + the telephone number.
U S WEST Communications will charge you for the call. Use another long distance company to make calls between these areas. That company will charge you for those calls and can provide you with rate information and dialing instructions.

* Local phone service may be provided by other telephone companies in these areas.

OTHER TYPES OF LONG DISTANCE CALLS

Calling Long Distance Outside Your Calling Area

In all but a few cases U S WEST Communications does not provide long distance service between states or between sections of the same state that have different calling areas. Contact your long distance company for rates and dialing instructions.

"800" Service

Calls to "800" numbers are free. Dial: 1 + 800 + the telephone number.

DISCOUNTS WITHIN YOUR CALLING AREA

- **Direct Dialing Saves Money**

  Dial your own long distance calls to pay the lowest rate and only for the minutes you talk. There's a one-minute minimum. Dial "0" for information on U S WEST Communications long distance rates.

- **Discount Calling Periods**

  This chart shows the times you can get a discount on long distance calls within your calling area. Discounts apply to all calls. Those requiring the assistance of an operator will include an additional service charge which does not qualify for a time of day discount. Save money by calling evenings, nights, weekends and selected holidays (New Year's Day, July 4, Labor Day, Thanksgiving and Christmas). If you start your call during one rate period and hang up during another, your call will be prorated between the two.

- **Discount Calling Plans**

  All Time® Volume Discounts may also help you save money. Business and residence customers get volume discounts on calls made within their U S WEST Communications calling area. Call the service number on page A12 for more information.

CALLING CARD CALLS

If you have a U S WEST Communications Calling Card, you can make local and long distance calls and charge them to your regular monthly bill. Next to direct dialing, using your Calling Card is the least expensive way to call compared to other types of operator-assisted calls. Call the U S WEST Communications service number at the top of page A12 for more information.

The U S WEST Communications Calling Card is accepted by many long distance companies for making calls outside your U S WEST Communications long distance calling area. Here's how to make a Calling Card call to a number within your long distance area:

- From a push-button phone with Touchtone service: Dial 0 + the telephone number, wait for the tone, then dial your Calling Card number.
- From a rotary dial phone: Dial 0 + the telephone number, wait for the operator to answer, say you're placing a Calling Card call, and give your card number.
- To the same telephone number that's on your Calling Card: Dial 0 + the phone number, wait for the tone, then dial your four-digit personal identification number (the last four numbers on your card). For calls made from another calling area, dial your area code before you dial your phone number.

Rate: Direct dial rate + 60¢ service charges.

If Your Calling Card Is Lost Or Stolen:

Call 1 800 422-LOST (5678) as soon as possible.

USING THE OPERATOR TO MAKE CALLS

Within Your Calling Area

There is an additional charge for calls requiring operator assistance. They are more expensive than Calling Card calls or calls dialed directly from your home or office.

- **Collect Calls**

  Dial 0 + the number and tell the operator you're making a collect call. The operator will hang up when someone at the number you've called accepts the charges. Rate: Direct dial rate + $1.10 station call or $2.60 person-to-person call service charge.

- **Calls Charged To A Third Number**

  Dial 0 + the number and tell the operator you want to charge your call to a third number. If you're calling from a public (pay) phone, the operator will call the third number to make sure the charges will be accepted. The call won't go through if the operator can't get approval. Rate: Direct dial rate + $1.10 station call or $2.60 person-to-person call service charge.

- **Person-To-Person Calls**

  Dial 0 + the number. Tell the operator you're making a person-to-person call to a specific person. The operator will hang up and charge you for the call only when that specific person answers. You can place a person-to-person call when you call collect, use your U S WEST Communications Calling Card, or charge your call to a third number. Rate: Direct dial rate + $2.60 service charge.

- **If You Want To Know How Much Your Call Will Cost:**

  Dial 0 + the long distance number and tell the operator you want "time and charges." When you finish the call, a computer voice will return to the line to tell you what you'll be charged.

- **Operators Can Check A Busy Line:**

  In most areas to determine if someone is actually speaking on the line. Rate: Busy verification $1.10. Busy verification and interrupt $1.50.

Outside Of Your Calling Area

Contact your long distance company to find out how to use an operator to place calls to other area codes.

Many Companies Have Operators

When away from home, you can choose the long distance company you want to handle your operator-assisted calls. Many companies provide collect, person-to-person, third-number billed and credit card services. Their rates may vary. You may ask any operator for company identification and rate information before beginning your call. If the operator does not represent the company you want, or if you are not satisfied with the rates, you may choose another way to place your call.

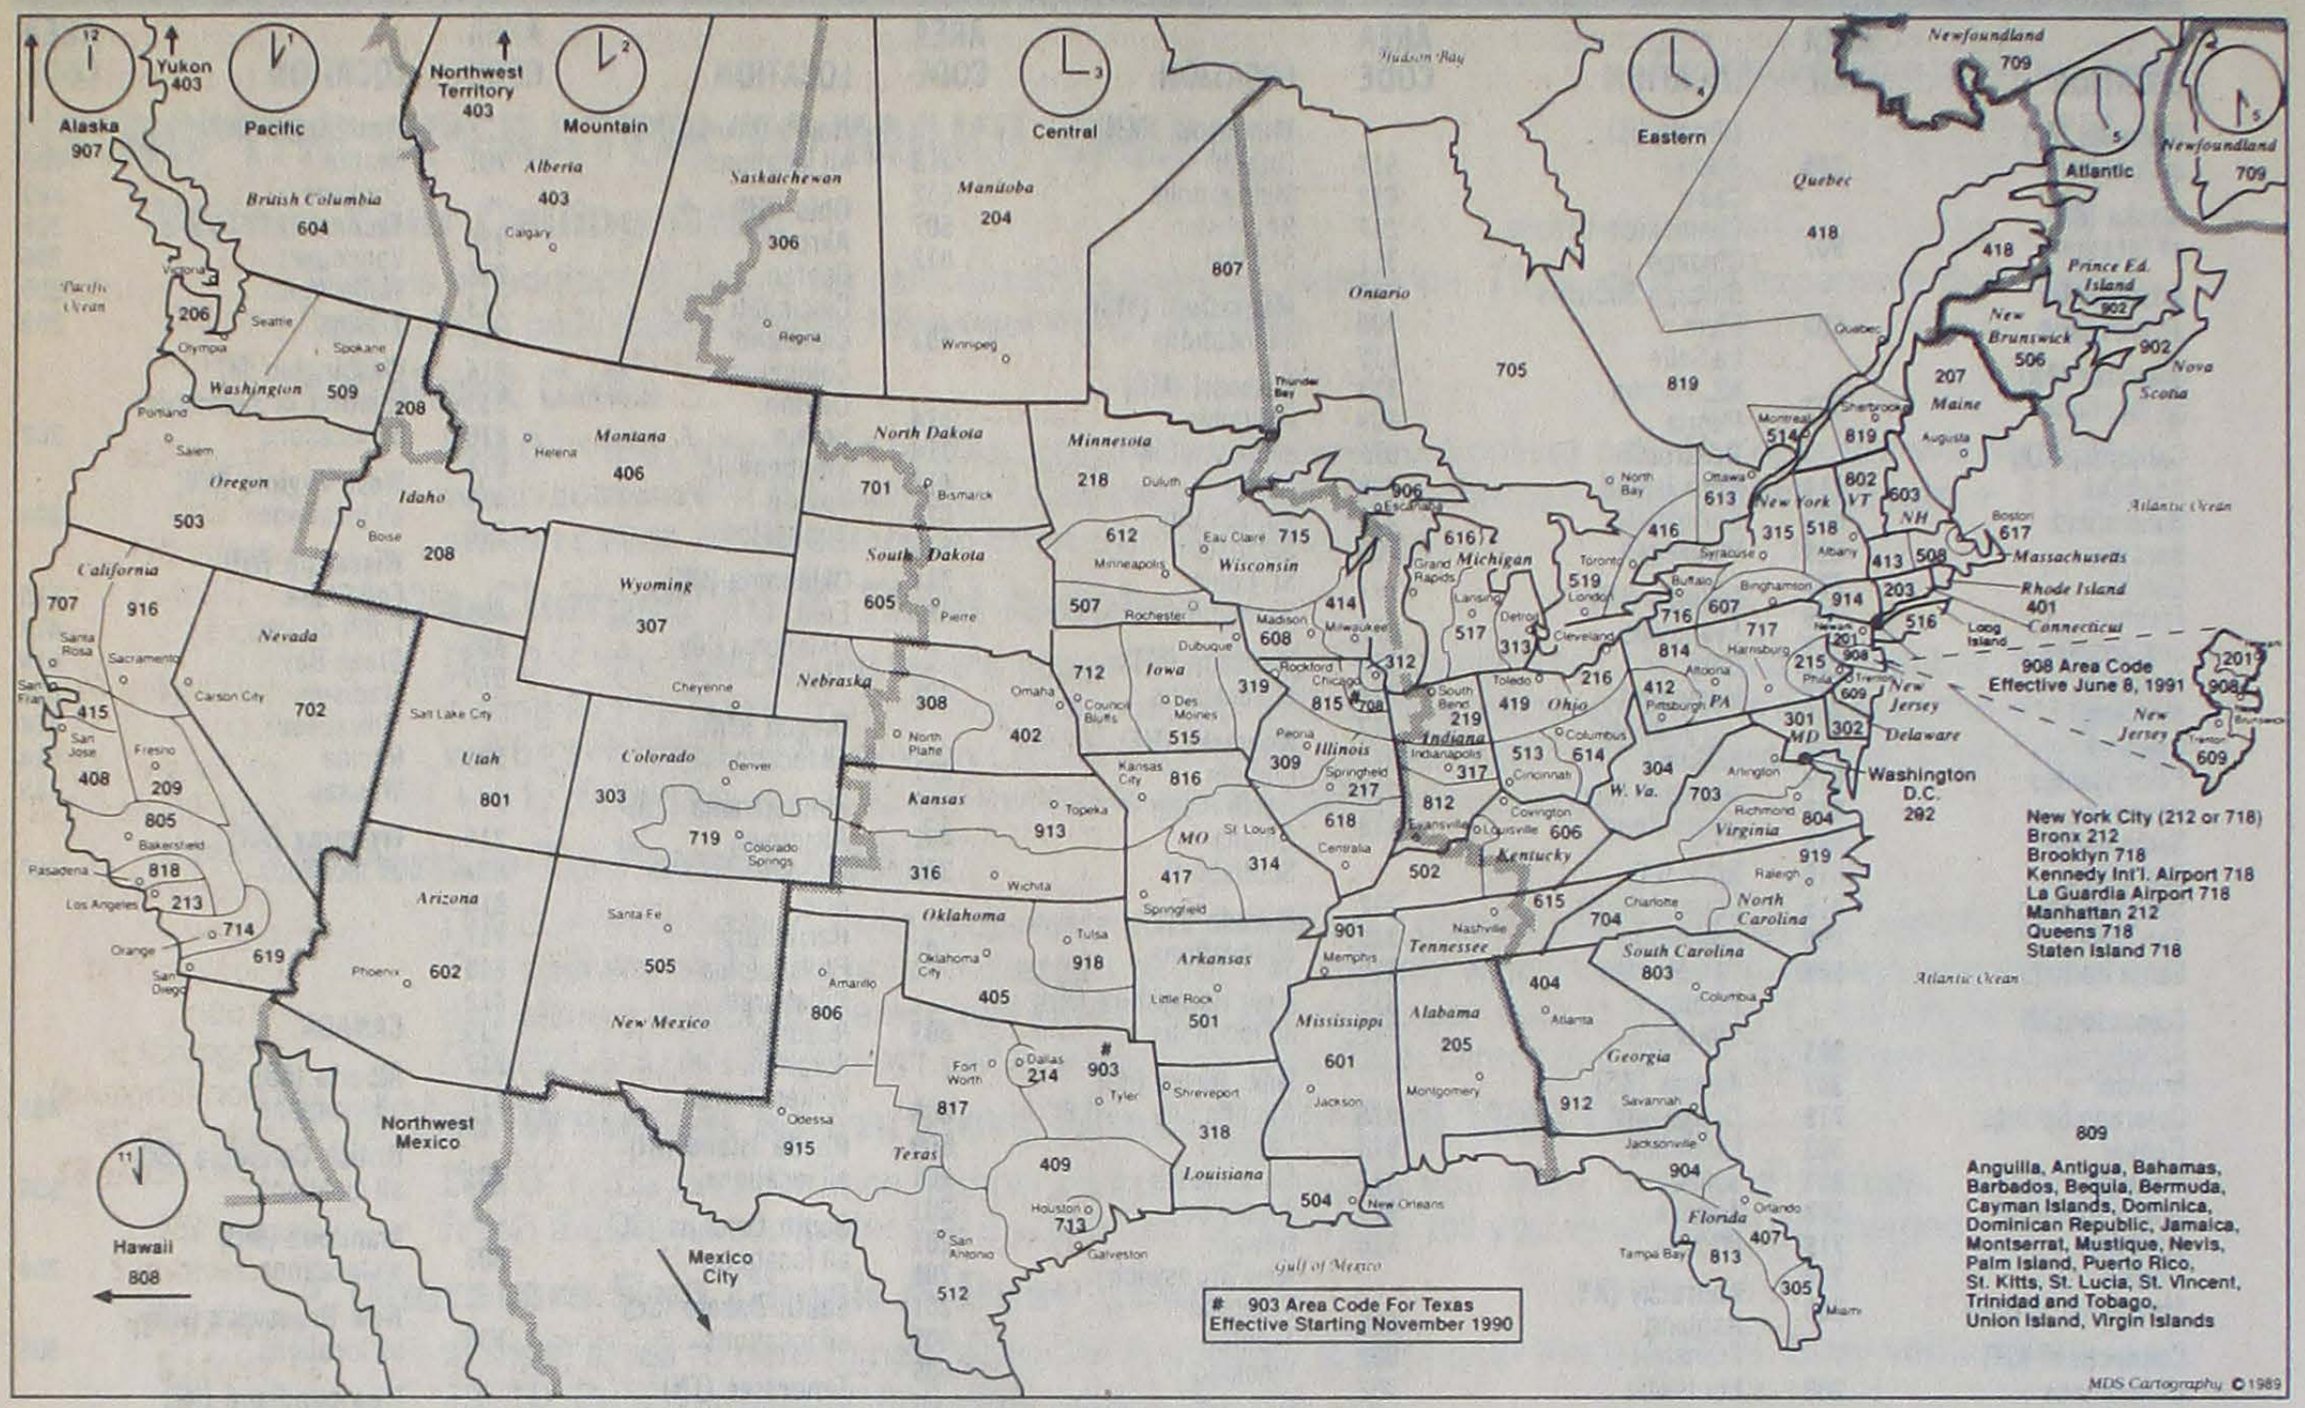

MOBILE AND MARINE CALLS

You can make local and long distance calls to automobiles, trucks, planes, boats and ships with phones. Some local and long distance calls can be completed by dialing direct; others require a call to the operator. For a list of companies offering these services look under "Paging and Signaling" and "Radiotelephone Communications" in your Yellow Pages.

TO CALL A PARTY ON YOUR LINE

Two-Party customers dial the listed number, hang up. Your bell and the bell of the called telephone will ring until the called telephone answers. When your telephone stops ringing, lift your receiver and begin your conversation. If no answer, lift your receiver for a moment and then replace it. This will stop the ringing and will clear the line for other calls.

AREA HISTORY AND ATTRACTIONS

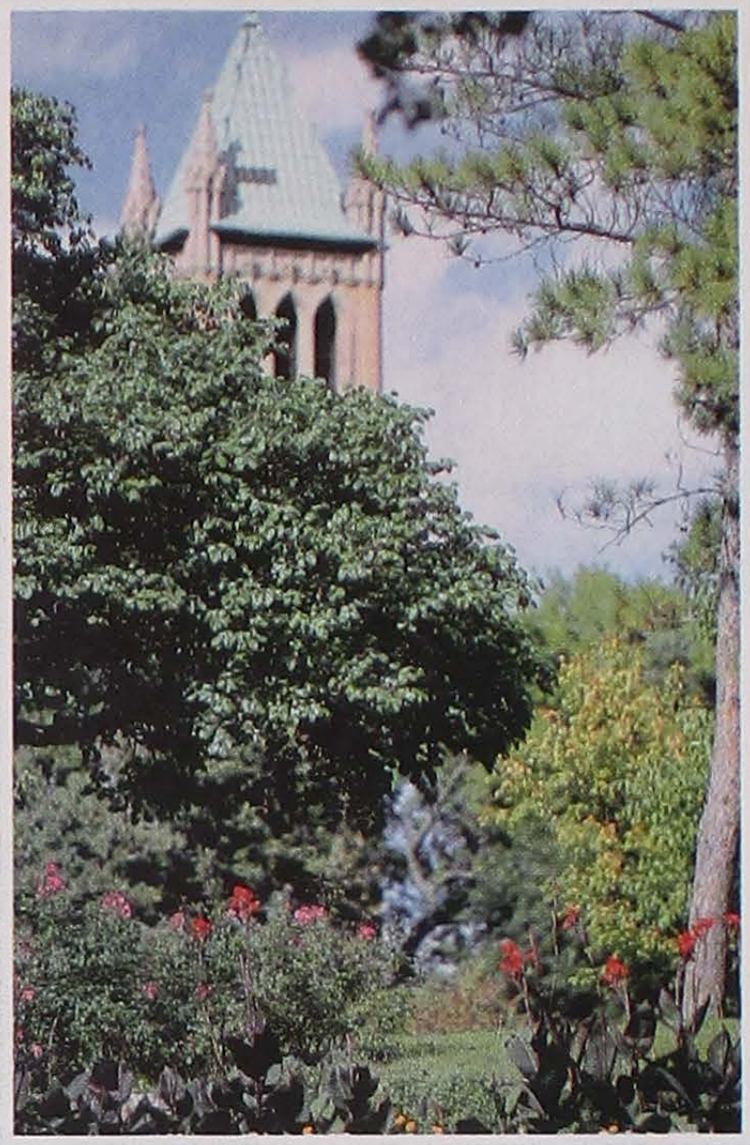

HISTORY

AMES lies near the geographical center of Iowa, about 35 miles north of the state capital at Des Moines. Its location in the heart of rich agricultural land led to its selection as the site for the Iowa Agricultural College and Model Farm, created through a bill passed by the Iowa General Assembly in 1858.

Farm House, built in 1860, was the first building for the college. The school became a land-grant college under the 1863 federal Morrill Act, was renamed the Iowa State College of Agriculture and Mechanic Arts in 1898, and became Iowa State University (ISU) of Science and Technology in 1959.

The city of Ames was founded in 1864 in anticipation of the arrival of the Cedar Rapids and Missouri Railroad. The president of the railroad, John Blair, named the settlement after Massachusetts Congressman Oakes Ames, a promoter of the railroad system. Ames was incorporated in 1870 with a population of slightly over 800.

The original town consisted of a 12-block area extending from the railroad north to Ninth Street.

The eastern and western borders were Duff and Burnett avenues. With increasing rail shipments of farm products and the growth of the college, Ames prospered.

Research activities on the ISU campus during WWII led to the establishment of the Ames Laboratory. ISU's resources have been instrumental in attracting other government agencies and national industries. Ames is now the largest city in Story County and has a population of 46,671, including student enrollment at ISU.

U S WEST Direct, publisher of this directory, is pleased to be part of this central Iowa community.

INDUSTRY AND SERVICES

Manufacturing, education, and the professions have surpassed farming as the city's economic base. Many international and national corporations have plants located here. A research park complex in Ames gives businesses access to expertise available at Iowa State University.

Iowa State University is the city's largest employer. McFarland Clinic and Mary Greeley Medical Center are the second largest employers. They function as a regional referral center for central Iowa, providing a variety of special-care services.

Branches of state and federal government agencies are also located here. Ames is home to the Iowa Department of Transportation headquarters, the United States Department of Energy's Ames Laboratory, and the United States Department of Agriculture's National Animal Disease Center and National Veterinary Services Laboratories.

The Ames city government joined with the university administration and the student body government to form a system of public transportation called Cy-Ride. For this cooperative effort in community action, Ames was designated an All-America City in 1983.

PARKS AND RECREATION

The city of Ames maintains over 700 acres of parkland. Recreational facilities include ballfields, an ice-skating center, tennis courts, bicycle paths, golf courses, swimming pools, and nature trails. For more information contact the Ames Parks and Recreation Department. 239–5350

Summer concerts are held in the Municipal Bandshell Park. The Ames Parks and Recreation Department offers a year-round schedule of activities ranging from instructional classes to organized sports.

The Ames and ISU communities sponsor several annual events. The annual Midnight Madness Road Races are held in July. Races include 5K and 10K runs, preceded by a bicycle ride. The Iowa Games are held in August. The Iowa Masters Tournament is held annually at ISU's Veenker Memorial Golf Course.

Sports enthusiasts can enjoy Iowa State University's varsity competition in the Big Eight Conference. The ISU Cyclones play basketball in the James H. Hilton Coliseum and football in Iowa State University's Cyclone Stadium/Jack Trice Field.

County parks, Iowa State University's horticulture gardens and arboretum, and a preserved natural prairie within the city limits are additional recreational sites.

County parks include the Indian Creek Conservation Unit and the Skunk Creek Conservation Unit.

INDIAN CREEK CONSERVATION UNIT contains Hickory Grove Park, Praeri Rail Trail, Robison Acres, and Hickory Grove and Dakins lakes. Popular activities include camping, hiking, cross-country skiing, and snowmobiling. Portions of this unit are wildlife habitats and are open for hunting and trapping in season. Fishing is permitted year-round on Hickory Grove Lake. Boating and canoeing are popular summer sports.

IOWA ARBORETUM, located southwest of Ames, contains hundreds of cultivated trees, shrubs, and flowers. There are many hiking trails throughout its 340 acres. Tours and educational programs are offered.

LEDGES STATE PARK is 12 miles southwest of Ames on Hwy. 17. Facilities include campsites, hiking trails, picnic grounds, fishing spots, and a petting zoo.

SKUNK CREEK CONSERVATION UNIT includes McFarland Park, Peterson Park, the Skunk River Greenbelt, and various prairies and marshes. Attractions include a handicapped-accessible trail, an observatory for astronomical study, and ongoing education programs. The Skunk River trail leads to Soper's Mill, one of the first grist mills built in the county, and to "Rainbow" Bridge, which is on the National Register of Historic Sites.

VEISHEA is a two-day spring event which includes open house displays on the ISU campus, a parade, and a musical variety program. The term "Veishea" was derived from the first letters in the titles of the university's undergraduate colleges.

AREA ATTRACTIONS

IOWA STATE UNIVERSITY occupies a central position in the Ames community. It holds several distinctions. It is the birthplace of the electronic digital computer — the Atanasoff-Berry Computer, which was designed and built in the late 1930s by mathematics and physics professor John Vincent Atanasoff and graduate student Clifford E. Berry.

ISU established the first state veterinary medicine school in the nation in 1879, established the first statistics laboratory in the nation in 1933, owned the nation's first educational television station, offered the first college-credit courses in teacher education and home economics, and was the first land-grant college to be coeducational from its beginning.

ISU provides local residents with a variety of courses that may be audited or taken for credit, including evening and weekend classes. The campus itself has many attractions in addition to its educational facilities. Historical markers are located throughout the main campus, which also serves as an arboretum. When classes are in session, the 50 bells of the Carillon provide daily midday concerts.

The university also provides a variety of entertainment through its numerous cultural and athletic activities. Its Iowa State Center attracts concerts, ballet troupes, theatre productions, orchestras, and exhibitions. Brochures and maps of the campus are available from the Campus Information Center in the student union.

The Iowa State Center is a four-building complex that includes the C.Y. Stephens Auditorium, the 14,000-seat James H. Hilton Coliseum, the 450-seat J.W. Fisher Theater, and the Carl H. Scheman Continuing Education Building. The Scheman Building has conference rooms, an auditorium, and the Brunnier Gallery and Museum.

ART ON CAMPUS is a program administered by The University Museums. Sculptures by Christian Peterson are located throughout the ISU campus. Peterson was an artist-in-residence at ISU and his works can be found in MacKay Hall, Lagomarcino Hall Courtyard, Parks Library, the Dairy Industry Building, and in front of the Memorial Union. His famous sculpture, "The Gentle Doctor," is on display in the Scheman Building. Self-guiding tour brochures are available at the University Museums administrative office. 294–3342

ACTORS - Ames Community Theatre of Recreational Services is supported by the Ames Community Arts Council and provides members of the community with theatre production and acting experience.

The Ames Children's Theatre, the Ames Choral Society, and the Central Iowa Symphony add to the cultural attractions available in Ames.

BOONE & SCENIC VALLEY RAILROAD takes passengers through the scenic Des Moines River Valley in vintage 1920s touring cars from Memorial Day until November. The depot is in Boone, ten miles west of Ames. Boone celebrates its railroad heritage during Pufferbilly Days in mid-September.

BRUNNIER GALLERY AND MUSEUM is primarily a decorative arts museum. Its over 8,000 pieces date from ancient cultures to modern times. The museum maintains a permanent collection of dolls, porcelain, glass, enamel, ceramics and pottery, and carved jade and ivory. The museum also has a museum store.

FARM HOUSE MUSEUM contains Victorian furniture, antique glass and tableware, quilts, and oriental carpets. The Farm House was the first building on the ISU campus. It was built as a home for farm superintendents. It has been restored to its turn-of-the-century appearance, and is a National Historic Landmark. Special events are scheduled during the Christmas holiday and on the Fourth of July.

GALLERY AND PIONEER ROOMS in the ISU student union feature changing art exhibits. Works on exhibit are mainly by Iowa artists and are available for purchase as well as for public viewing.

GRANT WOOD HERITAGE AREA in ISU's Parks Library contains nine wall murals created under Grant Wood's direction. The murals depict the academic divisions of ISU and ground breaking on the prairie by early pioneers.

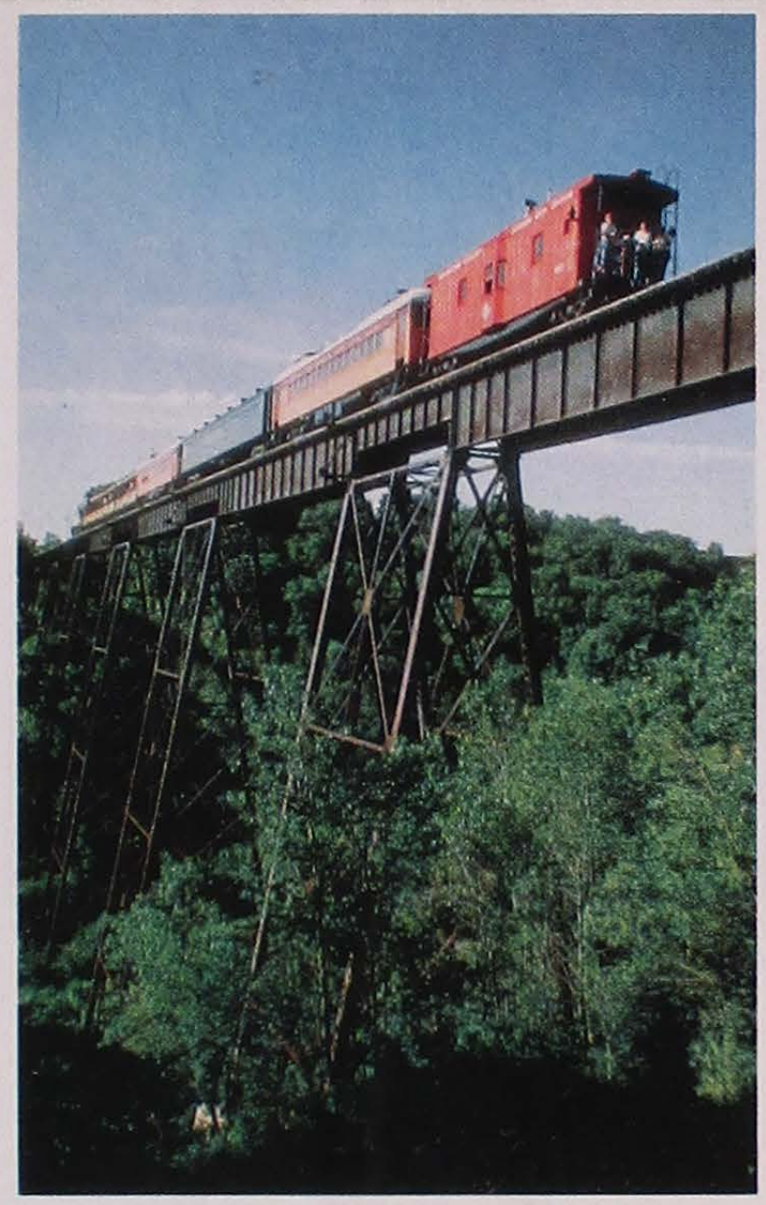

HORTICULTURE GARDENS OF ISU contain a variety of plants, flowers, and shrubs. Plant markers identify each variety along the walkways.

KATE SHELLEY HIGH BRIDGE is four miles northwest of Boone. At 2,685 feet long and 186 feet high, it is the longest and highest double-track railroad bridge in the world. Completed in 1901, the bridge is on the National Register of Historic Places.

KATE SHELLEY MEMORIAL PARK AND RAILROAD MUSEUM honors the namesake of the Kate Shelley High Bridge. Kate Shelley, at the age of fifteen, crawled across a bridge near Moingona during a violent thunderstorm in 1881 to warn an oncoming passenger train that a bridge was out further down the line. The park and museum are located at Moingona, five miles southwest of Boone.

MAMIE DOUD EISENHOWER BIRTHPLACE, in Boone, has been restored and houses Eisenhower-era memorabilia and mementos of Mamie Eisenhower's life as First Lady. The Victorian home is open to the public from April to October.

OCTAGON CENTER FOR THE ARTS is the city's arts center. The Octagon offers year-round art classes, workshops, film and lecture series, and guided tours. The center also hosts regional, national, and international exhibits. A regional art fair, "Art in the Park," is held annually in the fall.

IOWA GAMES

1991 will mark the fifth anniversary of the Iowa Games, the multisport, Olympic-style competition which has grown to become the states largest individual sporting event. Amateur athletes of all ages and abilities will renew a tradition as they come together to experience the thrill of the Olympics on the grassroots level.

Including the regional qualifying festivals in Cedar Falls/Waterloo, Cedar Rapids, Des Moines and Sioux City, close to 22,000 individuals participated in some level of the 1990 Iowa Games competition. Of that number, approximately 12,000 individuals participated in the finals event in Ames.

Iowa State University and the City of Ames will host the 1991 Iowa Games. The Games are held annually on the first weekend in August. Regional festivals will again be held in the cities mentioned above as preliminary rounds in some sports.

The Iowa Games are part of a national movement of state games which began in 1978 with New York's Empire State Games. Currently over 40 states are either hosting or planning a state games event. In February of 1990, the national governing body of state games, The National Congress of State Games, was admitted to the United States Olympic Committee as a member organization.

In Iowa, the Games were originated as a project of the Iowa Governor's Council on Physical Fitness and Sports, and are endorsed by the Iowa Association of Health, Physical Education, Recreation and Dance and the Iowa Park and Recreation Association.

COMPETITION

An open invitation to compete in the Iowa Games is extended to all Iowa amateur and recreational athletes who have resided in the state for 30 days or more immediately prior to the Iowa Games weekend, August 2-4, 1991. Competitions will be divided by age groups for men and women and will be conducted for youth, scholastic, open and masters divisions. Events for people with disabilities, as well as exhibition and demonstration sports, are included.

THE IOWA GAMES

TORCH RUN

Each year, during the week preceding the Iowa Games runners carry the torch through a different region of the state. In 1990, the torch was carried throughout Northwest Iowa. In 1991, the torch will travel to Northeast Iowa, with Cedar/Falls/Waterloo, Cedar Rapids and Mason City expected to be among the cities hosting Torch Run celebrations. More than 2,000 Iowans have participated in the Torch Run since its introduction in 1987. Each community on the Torch Run route hosts a local celebration welcoming the arrival of the torch. The 1991 Iowa Games Torch Run will kick off in Des Moines on July 29.

OPENING CEREMONIES

Each year, the opening ceremonies launch the Iowa Games to an exciting start. In 1991, the event will welcome the Des Moines Register's Iowa State Fair Singers and Jazz Band for the second consecutive year. The group is a celebration of Iowa's youth, consisting of 38 Iowa high school musicians who tour the state throughout the summer before settling into their residency at the Iowa State Fair in August. The opening ceremonies also feature a dazzling fireworks show, skydivers and a parade of athletes. Another highlight which caps off each year's ceremonies is the lighting of the symbolic Olympic flame which officially signals the opening of the Iowa Games. Last year's honoree to light the flame was four-time Drake Relays decathlon champion Kip Janvrin of Panora, Iowa.

IOWA GAMES OVERVIEW

When the Iowa Games were first introduced in 1987, no one knew what the statewide response would be. But Iowans have taken to the event with open arms, as evidenced by the growing numbers of entrants. Those first-ever Iowa Games attracted more than 7,000 competitors; more than 12,000 Iowans took part in the 1990 finals in Ames. The number swells to 14,475 when regional competition is added in, and it tops out at 22,000 with the addition of qualifying rounds in bowling and softball. The reason for the steady growth in popularity is simple: the Iowa Games have something for everybody—from the elite athlete to the weekend warrior.

REGIONALS

In 1990 the Iowa Games expanded into regional competition for the first time. Regionals were developed in an effort to allow more Iowans to participate in the Games and to bring the event closer to home. 1990 regional festivals were hosted by Des Moines (Southwest), Sioux City (Northwest), Cedar Falls/Waterloo (Northeast) and Cedar Rapids (Southeast). The addition of regional festivals in four sports (youth soccer, team basketball, volleyball and bowling doubles) proved very successful, with the participation of more than 4,500 entrants, many of whom advanced to the finals competition in Ames. In addition, each regional hosted special events to commemorate the first year of the new regional format.

For more information on events, sites, dates and times contact the Iowa Games, P.O. Box 2350, Ames, IA 50010.

TRANSIT INFORMATION

TRANSPORTATION THROUGHOUT AMES

Cy-Ride provides multiple transportation services to the public including a fixed route service, an ISU parking shuttle, and a Friday and Saturday late night service.

THE FIXED ROUTE BY CY-RIDE: SEVEN-DAYS-A-WEEK SERVICE

The fixed route bus service is in operation weekdays 6:30 a.m. to 12:30 a.m., Saturdays 7:30 a.m. to 2:30 a.m., and Sundays 9:00 a.m. to 11:30 p.m. There is no service on Thanksgiving Day, Christmas Day, or New Years Day.

The fixed route offers adult fares and student fares. Children under five years, accompanied by an adult, ride free. ISU students must present a current fee card or pay the adult fare. Ticket books, monthly passes, and student semester passes are available. Call 292-1100 for exact fares.

DIAL-A-RIDE: DOOR-TO-DOOR SERVICE WEEKDAYS AND SATURDAYS

Dial-A-Ride is available to all residents of Ames including elderly, handicapped and the general public. The buses are equipped with wheelchair lifts. Attendants ride free when accompanying a handicapped person.

Dial-A-Ride service is available weekdays from 7:00 a.m. to 10:30 p.m. and on Saturdays from 8:30 a.m to 3:00 p.m. It operates only within Ames city limits. More detailed information is available in a Cy-Ride route map and information folder, available by calling the Cy-Ride offices.

Call 292-1100 to arrange for a ride at least one hour before the ride is needed and allow at least 45 minutes riding time to complete the trip. Additional time will be required during winter months. Calls are booked on first come-first serve basis. General public calls are considered second priority calls.

Calls are not accepted a day ahead unless they are reservations for people who will be using the service at least one day per week, at the same time, for a period of at least three consecutive weeks. Failure to show for a reserved call without giving one hour's notice will cancel the reservation.

NIGHT RIDE: DOOR-TO-DOOR SERVICE ON LATE FRIDAYS AND SATURDAYS

This is a free service operating within the city limits on Friday and Saturday nights when ISU is in session. Hours of operation are from 10:30 p.m. to 2:00 a.m. Call 292-1100 after 9:30 p.m. to arrange for a ride. Funding for this service comes from the ISU Government of the Student Body.

PARKING LOT SHUTTLE: AN ISU CLASS DAYS SERVICE

The Parking Lot Shuttle and the Orange Route provide free service connecting the Iowa State Center parking lot with central campus. Passengers may park in lots A4 and B6 and ride free to and from campus. Any person riding the Parking Lot Shuttle or Orange Route to or from RCA., Olsen Building, or Vet-Med must pay the appropriate fee.

GENERAL INFORMATION FOR USING THE CY-RIDE BUS SERVICE

- Wait by the bus stop signs or at the bus stop locations shown on the Cy-Ride map folder. Make sure the bus driver can see you so you are not passed by.
- Have exact fare, ticket, or unlimited pass ready.
- ISU students must show the driver current ISU fee card to ride for the reduced fare.
- If a transfer is needed to another route, ask the driver for a transfer ticket when paying the fare.
- Passengers should pull the bell cord about three-quarters of a block before wanting to exit. Passengers may exit only at marked bus stops.

For a copy of the Cy-Ride folder with route maps, timetables, fares and riding information . . . or any information about Cy-Ride, call 292-1100.

The determination of the need for legal services and the choice of a lawyer are extremely important decisions and should not be based solely upon advertisements or self-proclaimed expertise. This disclosure is required by rule of the Supreme Court of Iowa.

A description or indication of limitation of practice does not mean that any agency or board has certified such lawyer as a specialist or expert in an indicated field of law practice, nor does it mean that such lawyer is necessarily any more expert or competent than any other lawyer. All potential clients are urged to make their own independent investigation and evaluation of any lawyer being considered. This notice is required by rule of the Supreme Court of Iowa.

The determination of the need for legal services and the choice of a lawyer are extremely important decisions and should not be based solely upon advertisements or self-proclaimed expertise. This disclosure is required by rule of the Supreme Court of Iowa.

A description or indication of limitation of practice does not mean that any agency or board has certified such lawyer as a specialist or expert in an indicated field of law practice, nor does it mean that such lawyer is necessarily any more expert or competent than any other lawyer. All potential clients are urged to make their own independent investigation and evaluation of any lawyer being considered. This notice is required by rule of the Supreme Court of Iowa.

U S WEST COMMUNICATIONS

Your complete telephone number is needed on long distance calls-both to and from Jewell-and whenever you give your number to others. However, on local calls to other Jewell telephones, the first two numbers-82-may be omitted.

HOW TO CALL ANOTHER PARTY ON YOUR LINE

TO CALL A PARTY ON YOUR LINE

If on repeated attempts to call a number the line is always busy it may be that the called number is on your line. Or if it is known that the party you wish to call is on your line, and you wish to call that party, proceed as follows:

1. Lift your receiver and listen for dial tone.
2. Dial 99 and directory listed number.
3. After dialing you will hear the busy tone. Then replace your handset. Allow a reasonable length of time for other party to answer, then pick up your handset and talk.
4. When the party you are calling answers, he will hear a 'ticking' sound which indicates that he should wait for calling party to speak.
5. If the called party does not answer, replace your handset.

GET MORE ATTENTION.

At U S WEST Direct, we know all kinds of ways to attract more attention in The White Pages.

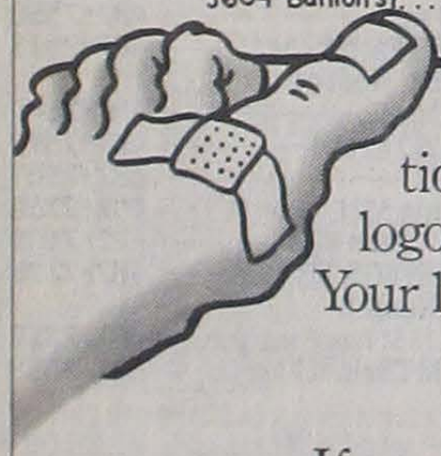

BE BOLD.

One of the simplest ways to stand out is to run the name of your company and your number in bold type.

MURRAY THE ANIMAL DENTIST–
1620 So. Pussyfoot Ave. 555-0061

PETE THE PEOPLE'S PODIATRIST–
12 So. Flatfoot Blvd. 555-0653
3604 Bunion St. 555-3244

BE BOLDER.

You can also run the name of your company in Feature Bold. We'll place your company name in large, bold type with a black rule above and below. It makes finding your company easier.

SHOW YOUR LOGO.

Another way to get more attention in The White Pages is to run your company logo alongside your company name in bold type. Your listing will really get noticed.

Harry's
HAIR HUT
Harry's Hair Hut
1463 Split Ends Blvd. . . 555-3110

GET BOXED IN.

If you have three or more indented listings, you might want to consider putting them inside a box. You can use a Bold or Feature Bold listing with a box. It can make your numbers and listings really stand out from the crowd.
